Price Increase Notice Issued October 2022

MEU Ireland price increase October 2022

Air Conditioning

In a move to help mitigate the impact of these price rises, we are now announcing that any outstanding orders and any new orders received before 1st October 2022, will remain at current prices, provided that delivery is on or before 3rd January 2023.

Effective from 1st October 2022, we will be increasing the price of the following product groups (units, accessories) by 7%.

- City Multi (units, accessories)
- Mr Slim / PAC (units, accessories)
- M Series / RAC (units, accessories)
- Lossnay Ventilation (units, accessories)
- E-Series Chiller (units accessories)
- Commercial Heating (CAHV, QAHV – units, accessories)

IT Cooling & MEHITS Chillers

Effective from 1st October 2022, we will be increasing the price of the following product groups (units, accessories) by 12%.

- s-MEXT (units, accessories)
- i-NEXT (units, accessories) 12% increase I-NX (units, accessories)

Apart from those mentioned above, Climaventa Chillers and RC IT Cooling products continue to be priced on application.

Residential Heating

The full range of Ecodan products and accessories will increase by 8% from the date of 1st October 2022.

Implementation of Price Increase

The mechanism for the implementation of the price increase will be as follows:

- All orders placed from 1st October 2022 will be invoiced at the new prices
- All orders placed before 1st October 2022 and shipped before 3rd January 2023, will be invoiced at the current 2022 prices (as of 1st April 2022)
- All quotations produced prior to 1st October 2022 will be valid for a period of 30 days
- Any quotations that are revised on or after 1st October 2022 will be quoted at the new prices
